## Mission Statement

Auburn Adventist Academy provides a Seventh-Day Adventist education that challenges our students to transform their community as disciples of Jesus.

Enhancing relationships while serving others. Empowering them to be successful in college, work and life. Experiencing a genuine friendship with Jesus Christ.

## Vision Statement

# School Song

Hillside and valley, mountains of snow,  
Sun on the meadow gleaming far below;  
Nestled mid fir trees, our school so dear;  
Planted by Heaven, blest every year.

Auburn! We love thee for thy tender memories;

Auburn! We send thee greetings floating on the breeze;

Always we'll cherish all the ideals taught by thee;

Training for service at Auburn Academy!

# Message From The Principal

**What an amazing year it has been with all of the new teachers, students, and staff. This year I am reminded of how powerful young people are; I believe that you are our future, and our future is in good hands.**

**My prayer is that you all have a blessed summer break and your path brings you back to Auburn for another incredible year. The seniors will be moving on and with that said, I would like to give them something to remember from one of my favorite authors, Dr. Seuss.**

**"Congratulations! Today is your day. You're off to great places!  
You're off and away! You have brains in your head, feet in your shoes  
You can steer yourself any direction you choose. You're on your own.  
And you know what you know. And you are the guy who'll decide  
where to go."**

**But where ever you decide to go, make sure it is where God is leading you, you will do amazing things for Him and for us.**

**Principal John Soule**

# Registration Day

It is the beginning of a brand new year at Auburn Adventist Academy! The line starts forming a half hour before doors open; every parent eager to register their student for a new school year. The hustle and bustle of registration day causes a mixture of nervousness and excitement to run through each student as they think of the year ahead, and the endless possibilities.

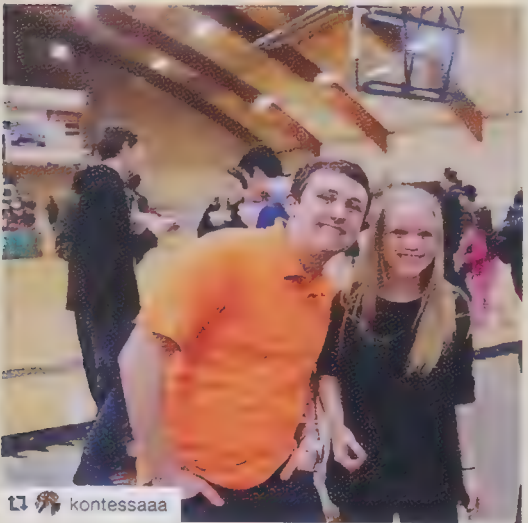

Handshake is the first time you formally meet everyone and start fresh. All of the freshmen are nervous and trying to figure out how to present themselves, while all of the seniors sit back and know exactly how things are going to go. It is the highlight of the new year. You make new friends and play games, making sure that everyone gets to know each other before classes officially begin.

# Shoutout to ASB!

"I like how hard ASB works for our activities, they are really FUN."

-Unique Burton

"[The ASB Officers are] good. Creative. I like that during Getting To Know You they had chocolate milk and doughnuts."

-Liza Koch

"The ASB team this year shows good leadership skills [...] and in everything they do, they always have a smile on their face."

-Anonymous

"Being ASB President is definitely a lot of work, but being able to be part of a team and helping others become leaders as well as growing as a leader myself has been one of the best experiences. Yeah, it's stressful, but after a big ASB event (like Spirit Week) it's cool to see the students of AAA enjoy all the games put together by the team."

-ASB President Ariel Pablo

"The ASB team this year has been enthusiastic and open to change. They're pretty cool."

-DJ Roberts

"ASB this year definitely works very hard and changes up the usual events, making them new and exciting."

-Makena Horton

"ASB events have been awesome this year. In particular, Getting To Know You was super fun and definitely helped break the ice for me. You can't go wrong with a giant volleyball."

-Luke Richert

"The ASB Officers have done an excellent job organizing activities that include anyone and everyone who wants to join in. Their hard work and commitment especially showed during this year's Spirit Week."

-McKenna Butler

"They've [The ASB Events] been very well put together and fun. I like the team and they seem to work well together."

-Kontessa Kletke

"You guys work so hard for all of us, thank you for a FANTASTIC year!"

## Slang/Phrases of the Year

"I literally can't" -When something is so amazing, you just can't handle it.

"Low key" -means you have an opinion or thoughts about something, but you don't want to expose it publicly.

"Dead" -When something is so funny or so embarrassing or so serious, you don't have any other words to express yourself.

"Can you not?" - Most commonly used by girls when they want something to stop, or meaning that's just not right, or just plainly can you stop because I don't like that.

"Savage" -When someone does something no one else would be willing to do. They're crazy and above all others.

# Special Thanks

There is no greater feeling than the feeling of accomplishment, after long days of studying and stressing out over essays and projects maybe due the very next day, and at times just sleep deprived because of your dedication to succeed or just because of your procrastination. We want you to look back at those unbearable days and long nights and just laugh! You did it, you made it without any major damage. One day you will look back through these pages and know that it was all worth it. This year's yearbook staff wants you to know that we understand completely that school can be hard, it can be stressful, and at times just plain ugly, but no one can argue that this year will be one that you will never forget. Perhaps you were too busy to sit back and actually see how awesome it really was and that is why with the help of the students, parents, faculty, staff, and everybody that makes Auburn Adventist Academy great, we have been able to put together some of the many monumental moments this school year. We know that you have worked hard and that is why we have worked hard to make this all possible for you, but we can't take all the credit.

Working on the yearbook has truly been a challenge, there were many times that we felt clueless, confused, and just needed guidance, but thankfully we had the help of a very special sponsor from Jostens, Jackie Paffrath. She was definitely one of the key pieces into the making of the yearbook, our unsung hero, and for that we just want to say thank you.

Nothing in this campus can be done without the support of all the loving people in our administration. We truly are blessed to have each and every one of them, we just want you to know that we have felt your support and appreciate all the help that you have provided; from helping us with the approval process, to send emails and paperwork to where they needed to be sent, or just for asking us how the yearbook was going. Thank you, we couldn't have done it without you!

To the fantastic parents, you guys are the real MVP. We recognize all the sacrifices that you guys make, not only for your own children but to this school. We have no words to express our gratitude for giving us the privilege to see your wonderful children grow and develop into model citizens and children of God. It is your support of the students that allows us to have such great talent at AAA, that is how we are able to have all these jaw-dropping events here at our very own school. We want thank the senior parents and business owners who collaborated not only in our community but for lighting up our yearbook pages. It is your giving hearts and commitment to this school that have made this year an unforgettable one. For all that you do and so much more, we just want to say thank you!

Lastly, as we all know, the people that truly make this yearbook remarkable, the celebrities, the athletics, the people who make our memories come alive, our AAA students. It is you that we thank most of all, because if it weren't for you all these pages would be blank! Seriously, they would be. It is your enthusiasm that you bring every day that we were able to capture to place in this very book. To the young leaders in CL, ZK, ASB, and class offices, all of you are the ones who we deeply thank. Your creativity and passion have had their very own unique design in our yearbook and we couldn't be any prouder of the work you have displayed all year. From the freshmen to the seniors, to the smallest person on campus to the tallest, from the longest distance of travel to the shortest, we want to thank you for being part of this yearbook. You all have played a significant part to make this book illustrious. To all the seniors, we hope that when you look through these pages years from now you can see how much you have grown and how much you have achieved. We wish you the very best in your future plans and hope you allow God to continue to guide your life. May God bless you all and give you many tender memories!

With Much Gratitude,

The Auburn Adventist Academy Yearbook Staff would like to dedicate the yearbook for the 2015-2016 school year to Mr. Tom Allen. Mr. Allen is a very revered teacher. He has been at AAA since the 1984-1985 school year. He is a fantastic choice if you ever need someone to talk to, very wise from his many years of experience here at Auburn. He likes to predict which students will end up getting married and always laughs at us when we do something childish in the hallway. Mr. Allen has been an amazing teacher and has lead many classes through a successful four years at AAA. His smile is constant, and he is wonderfully skilled when guiding us all through the word of Christ and helping us apply it to our own lives. Thank you, Mr. Allen, for your 32 years of service here at Auburn Adventist Academy, and staying with us through the hardships and rejoicing with us during the happy times. Thank you for all of the tender memories.
